

AGA-CA

Welcome in Luxemburg!

1981: Creation of the **first specialized organization**: « Société Luxembourgeoise Pour l'Aide aux Personnes Autistiques » (Professionals, relatives(parents) and not concerned persons)

1988: Creation of the « **L'Institut pour enfants autistiques et psychotiques** » by the Luxemburg State.

1996: Creation of the **Fondation Autisme Luxembourg**

1998: **Visits of exchanges** organized by the Foundation and subsidized by the European Community with several institutions in Spain, Ireland, Belgium and France.

1999: The Foundation **buys a ground from Munshausen** intended for the construction of a first home.

2000: **Agreement(Convention) with the Ministry of the Family** for the construction of a place of life for 18 persons + 2 beds of respite + studios(workshops) of day activities for these persons.

2000: The works begin at Munshausen + Date commitment of the **1st employee**; before all the activities of the FAL were insured by the voluntary work.

2001: Organization of the **1st summer camp** and the **creation of the Service Leisure activities**

2002: Opening of a **temporary day centre** in view of getting prepared for the future residential home in Munshausen + **Arrival of the 1st residents** in the home and day centre of Munshausen

2003: Opening of the **2nd residential home** for 6 persons with autism

2004: Creation and convention for the **Diagnostic Evaluation service**

2006: Opening of the **third residential home** for 6 persons with autism

2008: **Agreement**(Convention) Leisure activities + Creation of a service of support, council and training for families and professionals

To **promote and defend the rights** of people with autism not withstanding the severity of their handicap, and to intervene when these rights are threatened

- **Creating or developing projects** for young/adult people with autism
- **Integration** of people with autism
- **Support** and information of parents

- No members with voting power
- Board of Administration
 - 2/3 parents of a child with autism or people with autism
 - 1/3 friends or other
 - meeting 1x/year
- Managing Board (6)
 - 4 parents
 - 2 non-parents

Statutes <i>(minimum)</i>	Reality
7	26

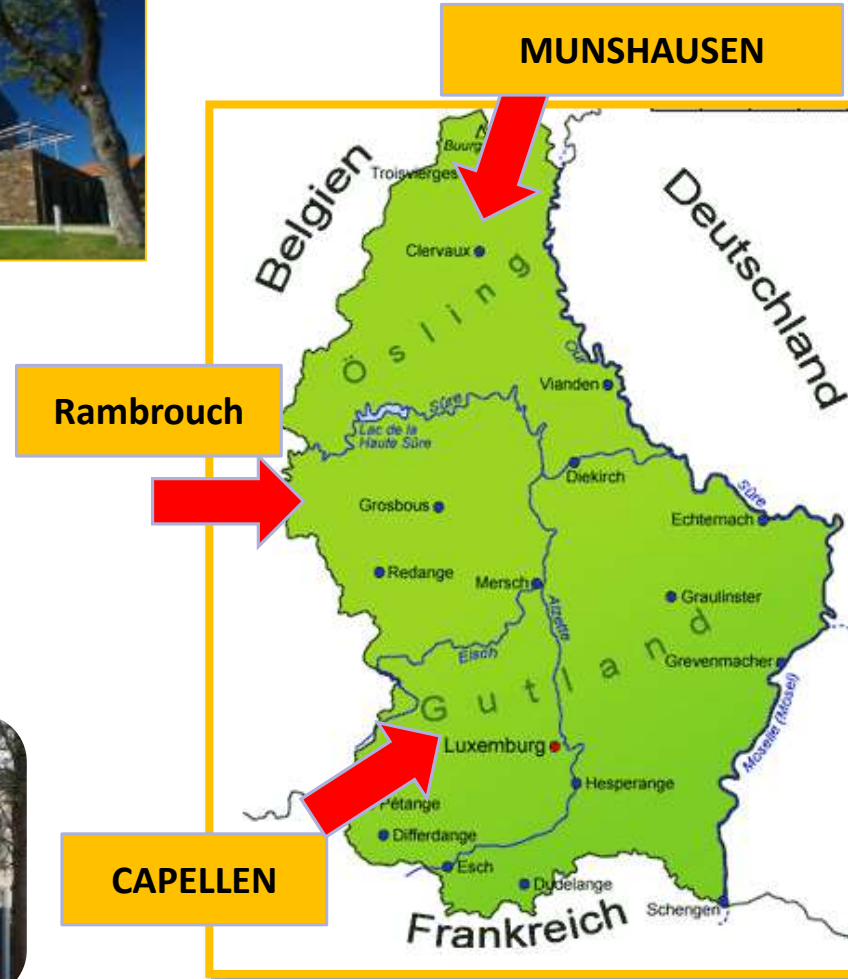

Where are we ?

- Residential home
- Day-Care center
- Leisure

- futur Residential home
- futur day-care center

- Diagnostic assessment, support and training
- Administration
- Accounts department
- Communication, public relations

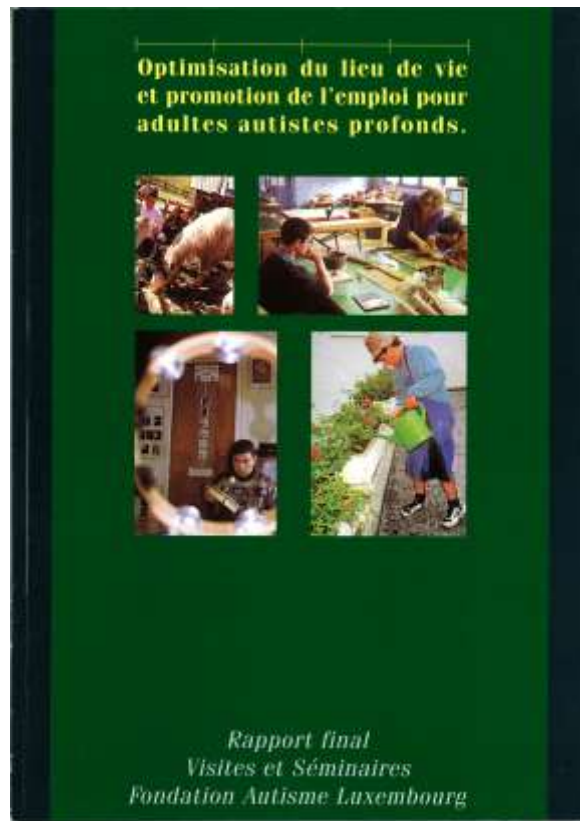

Problem: non-existing infrastructure for highly dependent adults with autism in Luxembourg

we needed **help from Europe** to create a center in Munshausen, because at this point **no know how in Luxemburg!**

- How to finance?
- What form should the home/day centre have?
 - Where ?
 - For whom ?
 - For how many people ?
 - ...
- What educational method for the people with autism?

How to begin ???

Solution : Get Help from European Partners

Step 1 : European project

Mistral (Belgium)

Abri Montagnard (France)

Gautena (Spain)

Dunfirth Community (Ireland)

Step 2 : Implementation with help of Scientific consultant

Dr. Joaquin Fuentes

Mission:

- Evaluation of « future » residents
 - Families
 - CHNP (clinic)
- Recruitment and training of staff
- Set up of procedures
- General supervision

Step 3 : Infrastructure

- Large parcel of land
- Rural environment
- Integration into the community
- Spacious rooms
- Reasonable price
