

Autism-Europe– Video testimonials - Terms and conditions

About Autism-Europe

Autism-Europe (AE) is an international association whose main objective is to advance the rights of autistic people and to help them improve their quality of life. It ensures effective liaison among almost 90-member autism organisations from 38 European countries, including 25 Member States of the European Union, governments and European and international institutions.

This year, as a part of its long-running awareness campaign, Autism-Europe is hosting the “I can learn. I can work” on-demand webinar. Autistic people and their families are invited to participate in the webinar by sharing their experiences with distance education, reasonable accommodation, mental health or any challenges faced as a result of the pandemic in a video testimonial. Those interested are welcome to get involved by submitting a short video testimonial to be featured during the webinar.

The webinar will take place on Tuesday, March 30th at 12:00 (GMT +2) and an on demand version will be available after April 30th. It will involve autism organisations, EU policy-makers, employers of autistic people, educational professionals and Autism-Europe’s secretariat.
